OF CONTEMPORARY ART

Since 1991, The Contemporary Dayton (formerly Dayton Visual Arts Center) has organized acclaimed exhibitions of local, regional and national artists for our community, exposing many to contemporary art for the first time.

The appetite for the art of our time has grown and continues to impact the local art scene.

With this in mind, we are launching the **500 Friends of Contemporary Art** to grow our annual support of The Contemporary's presentation of contemporary exhibitions.

Your \$500 or more annual gift also comes with a few perks, including a unique incentive from Board Member Mike Houser: sign on to **500 Friends** as a *Sustainer*—meaning your gift is spread out throughout the year in automatic monthly payments—and Mike will cover your first payment. Now THAT'S a great friend.
